

Marketing Press Release

LTIMindtree Syncordis recognized as Temenos' Global Delivery Partner

Wednesday, 30th August 2023 – [LTIMindtree Syncordis](#), a global Temenos implementation partner and a subsidiary of [Larsen & Toubro](#), has achieved the “Temenos Delivery Partner Certification” in all regions covering Wealth Management, Core and Digital Banking, Financial Crime Mitigation, Analytics, Payments, Upgrade, Training, Data Migration and Development.

Today, LTIMindtree Syncordis has successfully reached a new milestone by expanding its certification level globally. As a leading delivery partner, LTIMindtree Syncordis is dedicated to continuous improvement and development, putting certified teams at the core to increase agility in the ever-changing world.

This global achievement highlights its extensive experience in delivering excellence and innovation to Temenos clients. LTIMindtree Syncordis has always been committed to the success of Temenos community and has evolved into a global one-stop partner for end-to-end implementation and systems integration across the globe.

Annick VAN WULPEN, COO, LTIMindtree Syncordis commented: “This great and collective success is the result of our teams’ hard work and internal training efforts over several years. Today, we are proud to celebrate a fully certified Delivery Team within the company. This certification will enable us to empower our teams and create a unique proposition in the global market. We are very pleased to be forming this strong relationship and collaboration with Temenos over the past few years and look forward to continuing to drive innovative digital transformation journey and shaping the future of banking for many years to come.”

###
